

Activated Pine Disinfectant Type II

CLEANS - DEODORIZES & DISINFECTS

DESCRIPTION

A combination heavy duty cleaner, disinfectant cleaner and deodorizer. Forms a white, deep cleaning emulsion when mixed with water. Disinfectant against intestinal bacteria. Deodorizes and leaves a pleasant odor of pine oil to keep otherwise bad smelling areas fresh and sanitary.

USES

Cleans and deodorizes floors, pet quarters, garbage cans, dumpsters and compactors. Cuts grease, removes crayon marks and old wax. Use it also as an additive to laundry to boost cleaning and to deodorize.

ACTIVE INGREDIENTS

PINE OIL.....19.9%
INERT INGREDIENTS80.1%
(Includes detergents, isopropanol and other cleaning agents.)

HOW TO USE

To clean moderately soiled surfaces, mix 1/4 cup of disinfectant per gallon of water and apply with mop or brush. Heavily soiled surfaces must be pre-cleaned, followed by a second application to disinfect. See label for details. No rinsing necessary except on rubber or asphalt tile and on food contact surfaces.

BENEFITS

GERMICIDAL: Effective against specific gram negative household germs such as those causing Salmonellosis (food poisoning). Limited disinfectant against intestinal bacteria.

EXTRA PINE OIL: Contains 3 to 4 times more steam distilled pine oil than typical highly advertised household brands.

EMULSIFIED: The pine and the surfactants are emulsified to combine their effectiveness when mixed with water.

PLEASANT PINE ODOR: Not only cleans and disinfects against intestinal bacteria, but leaves a pleasant pine odor to show that the jobs have been well done.

SPECIFICATIONS

APPEARANCE.....Amber liquid
ODORPine
SPECIFIC GRAVITY.....0.995 ± 0.005
DENSITY.....8.30 ± 0.05 lb/gal
BOILING POINTNear 212°F
pH.....12.5 ± 0.5
FLASH POINTNone to boiling
STABILITYOne Year Minimum
EPA REG. NO.....9886-16-64250
USDA RATING.....C1
