

LDD

Pink Lotion Detergent

FOR WASHING DISHES AND FINE FABRICS

DESCRIPTION

Formulated to be kind to the skin in institutional and commercial dishwashing where hands are in the solution for long periods of time. Long lasting suds give complete spot-free cleaning to eliminate need for hand drying. Its biodegradable and will not interfere with cesspools or sewage systems.

USES

For hand washing of dishes, glasses, pots and pans, cooking utensils, silverware, clothing, fine fabrics, windows, automobiles, etc.

HOW TO USE

FOR DISH WASHING: Use two tablespoons per gallon of water.

FOR GLASSWARE: Use one tablespoon per gallon of water.

FOR POTS & PANS: Use one tablespoon in each pan, fill with hot water, let stand while washing other items.

FOR FABRICS: Use two tablespoons per gallon of water. As gentle to nylon, rayon and all delicate fabrics as it is to your hands.

FOR WINDOWS: Use one tablespoonful per pail of water.

FOR CAR WASHING: Use three tablespoons per pail of water. Wash small sections and rinse before dry.

BENEFITS

LOTIONIZED: Contains skin softening emollients that make the detergent easy on the hands though highly effective in removing greasy, oily soil.

LONG LASTING SUDS: The foam lasts even in the presence of greasy pots and pans.

ATTRACTIVE FRAGRANCE: A dirty job is made more pleasant with the attractive fragrance that is released as you wash with it.

HIGHLY CONCENTRATED: Just a tablespoon full per gallon of water is all that's necessary for washing dishes. Use even less for washing windows, cars, etc.

EASY MIXING: Just running water over a spoonful of detergent will mix the two thoroughly, not like powdered detergents.

MULTI-USE: It's an excellent free rinsing dish detergent, but use it also for hand washing fine fabric items, washing cars, windows, etc.

SPECIFICATIONS

APPEARANCESlightly viscous liquid

ODORAlmond

SPECIFIC GRAVITY1.052 ± 0.005

DENSITY8.78 ± 0.05 lb/gal
