

EMC

Mandarin Power

CITRO CLEANER AND DEGREASER

DESCRIPTION

Mandarin Power is a unique combination cleaner/degreaser combining two of our industry's most unique ingredients. It includes new technology surfactants with improved ability to suspend soil for best cleaning and free rinsing, combined with d-limonene, a natural solvent extracted from the skins of citrus fruit.

HOW TO USE

RECOMMENDED DILUTIONS

METAL PARTS: Use straight or dilute with up to four parts of water.

STAINLESS STEEL: For general cleaning of dirt, grease and grime use a dilution of one part product to 20 parts water.

FLOORS: Quarry tile, terrazzo, sealed wood, marble, etc. – dilute one part product with 20-30 parts water.

DUMPSTERS / COMPACTORS: Dilute at 8:1 and spray on surface Allow to stand for 10 minutes then rinse off with water under pressure.

CONCRETE: Spray full strength on greasy, oily areas. Allow to sit for a few minutes, then agitate with a stiff bristled brush. Then rinse with water.

SPRAY CLEANING: Dilute product at two ounces per quart or eight ounces per gallon (16:1) and fill with water. Shake well before using. Use as you would any spray cleaner.

METHOD OF APPLICATION

Apply with pressure washer or manual sprayer set to deliver medium spray (not a fog, not a coarse stream). For small areas, apply with a brush. When possible, allow the cleaner to remain on the surface for 1 to 5 minutes then rinse the surface clean with water. Rinse with clear water after the soil is loosened. Warm water will enhance the cleaning action and will also enhance the fragrance.

USES

Removes grease, oil, inks, wax-like protective coatings, spray adhesives, pressure sensitive stickers, etc. Cleans and degreases floors, imported cars, fork lifts and other tire marks, boat bilges, grease traps, dumpsters, etc.

BENEFITS

NATURAL SOLVENTS: Contains renewable resource solvents in place of petroleum solvents.

STABLE BLEND: Solvents and surfactants are emulsified to prevent separation, even in long time storage.

NON-COMBUSTIBLE/NON-FLAMMABLE: Though Mandarin Power contains effective solvents for cleaning, even at full strength, it is not a fire hazard.

RINSABLE: Dirt, grease, oil, etc. rinse away easily with water to leave no solvent slick.

ECONOMICAL: Mixes with water to the desired strength for your desired cleaning job.

SPECIFICATIONS

AppearanceLight Orange liquid
OdorCitrus
Specific Gravity0.950 ± 0.005
Flash PointGreater than 120°F
Boiling Point212-370°F
pH10.5 ± 0.5
StabilityOne year minimum
