

# Ocean Breeze

## NON-ACID BOWL & BATHROOM CLEANER

### DESCRIPTION

With Ocean Breeze, cleaning, disinfecting and deodorizing bathrooms and fixtures is no longer the dirty, potentially hazardous job it used to be. No longer does it require dangerous acid products, or phenolic disinfectants. Ocean Breeze does all three necessary bathroom care jobs – cleaning, disinfecting and deodorizing in one operation...and it's pleasant to use, has an attractive fragrance that everyone likes and with no acid, will not damage chrome fixtures, bath mats, shower curtains or other surfaces.

### USES

For cleaning, disinfecting and deodorizing the entire bathroom – toilet bowls & urinals, basins, tubs & tile. Also inhibits the growth of mold and mildew on hard inanimate surfaces.

### ACTIVE INGREDIENTS

n-Alkyl (C <sub>14</sub> 60%, C <sub>16</sub> 30%, C <sub>12</sub> 5%, C <sub>18</sub> 5%)	
dimethyl benzyl ammonium chloride.....	0.09%
n-Alkyl (C <sub>12</sub> 50%, C <sub>14</sub> 30%, C <sub>16</sub> 17%, C <sub>18</sub> 3%)	
dimethyl ethylbenzyl ammonium chloride.....	0.09%
INERT INGREDIENTS: .....	99.82%
Total: .....	100.00%

### BENEFITS

Ocean Breeze is packaged ready to use and may be applied with a mop, sponge, cloth or sprayer. For disinfecting, surfaces should be wet thoroughly for a minimum contact time of 10 minutes. See directions on bottle for specific directions.

### GERMICIDAL EFFECTIVENESS

**NON ACID:** It's a non-acid formula specifically for bathroom cleaning. It is not only for relatively impervious surfaces like porcelain and ceramics, but will not harm chrome, aluminum, marble, grouting, etc.

**PLEASANT ODOR:** Radiates a pleasant and lasting floral fragrance during use, making it nice to work with and leaving evidence that the room has been cleaned and disinfected.

**CLEANS:** Particularly effective in removing soap and detergent film, hard water deposits and other typical bath and shower room soil.

**DISINFECTS:** Effective against a broad range of Gram positive and Gram negative bacteria, trichophyton mentagrophytes (Athletes Foot Fungus) and HIV-1 (AIDS), when used as directed.

**DEODORIZES:** Eliminates foul odors by killing odor causing microorganisms, not just masking them.

**INHIBITS MOLD & MILDEW:** Inhibits the growth on hard inanimate surfaces.

### SPECIFICATIONS

APPEARANCE .....	Blue slightly viscous liquid
ODOR .....	Floral
SPECIFIC GRAVITY .....	1.015 ± 0.005
DENSITY .....	8.47 ± 0.05 lb/gal
BOILING POINT .....	Near 212°F
pH.....	12.0 ± 0.5
FLASH POINT .....	None to boiling
STABILITY .....	One year minimum

### DISTRIBUTED BY
