

BETTER DEAL STIMULUS PRODUCTS

We know that businesses are looking to control their costs due to shrinking budgets. In response Bullen has created a new line of products that are of the highest quality and performance at the lowest cost.

No-Bull Floor Finish is an easy to apply and maintain floor polish. It dries quickly to a nice gloss without buffing. A quick buffing with a pad or brush will rejuvenate its appearance.

Use with companion *No-Bull All Purpose Cleaner* and *No-Bull Floor Finish Stripper*.

Stimulus Products at the right time

Many years ago during the last recession we came out with a group of products called Bottom Line. They were the highest performing and lowest cost solutions we could develop at the time.

We now have a similar problem (if not worse) with the economy so our chemists have looked at the original Bottom Line products and using state of the art technology we have improved performance and the environmental foot print of the line. With the new politics we have re-branded the line as No Bull-Better Deal Stimulus Products.
