

BETTER DEAL STIMULUS PRODUCTS

We know that businesses are looking to control their costs due to shrinking budgets. In response Bullen has created a new line of products that are of the highest quality and performance at the lowest cost.

No-Bull Oven and Grill Cleaner is designed to remove carbon deposits, grease and baked on foods from ovens, griddles, stove burners, deep fat fryers, rotisseries, waffle irons, canopies and ventilating hoods. Rapid penetration saves time and money by minimizing scouring and scrubbing.

Stimulus Products at the right time

Many years ago during the last recession we came out with a group of products called Bottom Line. They were the highest performing and lowest cost solutions we could develop at the time.

We now have a similar problem (if not worse) with the economy so our chemists have looked at the original Bottom Line products and using state of the art technology we have improved performance and the environmental foot print of the line. With the new politics we have re-branded the line as No Bull-Better Deal Stimulus Products.

NO BULL OVEN & GRILL CLEANER

APPEARANCE..... Clear
pH.....14+
